Date _____

Basic Description of Our Process.

Please complete the information requested above and then return it to us.

Once we have received your order, we shall generate an invoice based on the information you provide e.g., a cost of £1.00 GBP per registered student, per year.

When your institution settles their account, we shall enter your domain name into our system and all those registering with the email address ending in that domain name will no longer be charged for a twelve months term.

Prior to the end of the term, three emails will be issued, the first with an invoice based on the number of students registered within the terminating year, failing to settle this invoice and the continued use of the system, each of your individual staff will be charged based on the same rate.

A full set of **Terms and Conditions** are available on request.
